

# GREEK ORTHODOX METROPOLIS OF DENVER

---

April 19, 2017

Protocol 17-4

Reverend Pastors and  
Esteemed Parish Council Members  
of the Metropolis of Denver

Beloved in the Lord,

CHRIST IS RISEN!

Each year the parishes of our Metropolis, along with those of the other metropolises, are called upon to contribute to the National Ministries budget of the Archdiocese, which includes some of the expenses of our Metropolis office.

Representatives of our Metropolis of Denver Council work with the Archdiocese Finance Committee to ensure that the parish allocations are determined as equitably as possible. A necessary part of that process requires each parish to provide data in an honest, concise, and uniform manner.

For this reason, each parish is to report 2016 finance and stewardship data, as well as provide 2016 Balance Sheets and Profit/Loss Statements. As was done last year, the submission will be completed digitally using the Metropolis online registration system and email communication. Instructions containing parish specific access for completing the online submission are enclosed, along with worksheets and general explanatory notes.

Please note that all materials, online data submission, as well as Balance Sheets and Profit/Loss Statements are **due no later than Monday, May 29, 2017**.

Should you have questions about the National Ministries data collection, please contact Metropolis Finance Committee chair, Mr. Ted Koinis at [tedx0528@gmail.com](mailto:tedx0528@gmail.com) or 832-876-6555.

Please respond promptly to this time sensitive matter. May our risen Lord continue to grant His abundant blessings on your parish and His people everywhere.

With paternal blessings,

  
+Metropolitan Isaiah of Denver
